	TOTAL (including lucerne)	24,958	27,004	28,242	28,608	29,344

NOTES:

* Species not reported separately

** Includes *Avena sativa* and *A. strigosa*

***Blank fields indicate this species not specifically reported in previous years

Registered areas of *Gossypium* spp (Cotton) are not included in the data.

Please note that not all registered areas proceed to harvest and final certification, due to seasonal conditions.

Figures in **Bold** type indicate that one or more of the Certification Agencies provided amended data for that species or variety, for the amended report, which is normally issued in late February / early March.
