#	Nominated for deletion from the Jan 2024 edition of the OECD List and the ASA National List.	##	Nominated for deletion from the Jan 2025 edition of the OECD List and the ASA National List.

Listed varieties are eligible for certification under the OECD Seed Schemes and the Australian Seed Certification Scheme except for varieties designated with the symbol “◆” which are eligible for certification only under the Australian Certification Scheme.

Synonyms of variety names are inset and shown in the list below the variety names and in italics. Some are approved only for use for Certified Seed for export purposes (designated “Export Only”) and some for use only for seed to be sold within Australia (designated “Aust Only”). Synonyms listed from January 2006 for export purposes may carry a designation showing the country that has recognised the use of the synonym for marketing the variety in its jurisdiction.
